## Q: WHAT JEAN STYLES WORK BEST ON DIFFERENT BODY SHAPES?

### HOURGLASS

"I love the '70s vibe for this body shape. Show off that tiny waist with high-rise denim. If you're a little curvy, go for a slimming darker wash."

**Fidelity** Stevie in Dark Vintage, \$198, [fidelitydenim.com](http://fidelitydenim.com)

### APPLE SHAPE

"Opt for a boot cut that balances out the tummy in a midrise cut."

**American Eagle** Denim Kick Boot Jean, \$45, [ae.com](http://ae.com)

### PETITE

"Petites can wear most styles, but aim for cuts that elongate your legs, like flared jeans. Be wary of high-waisted pairs that cut off your torso."

**Guess** Charlotte Flare, \$98, [guess.com](http://guess.com)

## Q: HOW DO YOU KEEP CLOTHES IN PRISTINE CONDITION?

"Treat clothing well! I love the handheld Jiffy Steamer. The little one is so easy to use and compact, I haven't used an iron in a decade."

**JiffySteamer** Esteam Handheld Travel Steamer, \$75, [jiffysteamer.com](http://jiffysteamer.com)

"The easiest way to extend the life of your clothes is to separate them by color before washing. Since I'm always wearing dark clothing, I launder them with Woolite Darks. It doesn't contain harsh ingredients like bleach and enzymes, so it won't cause fading. And wash your jeans inside-out to protect the color."

**Woolite Darks**, \$8, [amazon.com](http://amazon.com)
